BOUNTY TO SOLDIERS.

The following amount of money has been paid to Veteran Volunteers of Co. H, 1st Regt. Mass. Heavy Artillery, who re-enlisted under the call of the President of the United States, dated October 1863, and under authority of Chapter 124 of the Laws of Massachusetts passed in the year 1882, and by a vote of Andover passed May 22, 1882. We have paid four of the number the past year, have examined one case that we find credited to Boston and one to Salem, leaving only three to be paid, which will necessitate an appropriation of three hundred and seventy-five dollars.

Report of Overseers of Poor.

Agreeable to custom, we present the Annual Report of this department.

There has been but little change of consequence at the Almshouse since our last Report, and the expenses have varied but little from the year past. We have admitted thirteen, discharged but one, and have at the present time forty-three inmates, — a larger number than usual, and as a class they require more care, and can do less labor than is usually the case, making it necessary to employ more help, both in and out of the house.

We would again most respectfully call the attention of the voters of the town to the fact that it is very necessary to have a better supply of water for the use of the house. The subject was brought before the Annual Meeting last year, and it was decided to defer the matter until the present year. The Overseers now feel it their duty to have an article inserted in the warrant asking for an appropriation for the purpose. We have made some inquiries, and think a windmill could be procured and put in working order for the sum of $500, including pipe and reservoirs.

The relief out of the Almshouse has been large, especially at the Lunatic Hospital, as we have more inmates there than ever before. A considerable part of this appropriation is paid out for other towns, which amount will be reimbursed to this town.

Report of the Chief Engineer

OF THE

Fire Department.

To the Board of Selectmen:

Gentlemen, — In accordance with the Regulations of the Fire Department, I submit the following Report.

The force of the department consists of five Engineers, sixteen members of the Steamer Company, and forty-three members of the Shawshin Company at Ballard Vale.

The apparatus consists of one third-class steam fire-engine, and one hand-engine, with a hose-carriage for each; also one four-wheeled horse hose-carriage, carrying 1000 feet of hose.

We have 1800 feet of hose in good condition, with hooks ladders and ropes at each engine-house.

There have been fourteen alarms of fire during the past year, as follows:

March 13, 1883. Barn of David Richardson. Total loss: Insurance, $1200; Insurance paid, $873.52.

April 14, 1883. House owned by David Richardson. Damage slight.

April 22, 1883. Woods at Frye Village.

April 29, 1883. Chimney in house of H. W. French.

April 30, 1883. Wood of G. W. Simmons, Ballard Vale.

May 2, 1883. Woods at Ballard Vale.

May 4, 1883. Woods at Ballard Vale.

May 8, 1883. Woods at Marland Village.

June 12, 1883. At Craighead and Kintz' works. Damage slight.

June 12, 1883. Bonfire.

June 21, 1883. House of Patrick Conway.
Aug. 14, 1883. Woods of J. H. Flint, West Parish.
Sept. 14, 1883. Out of town limits.
Nov. 19, 1883. Wood of George W. Simmons, Ballard Vale.

During the past year we have found several hundred feet of hose unfit for service, and it will be necessary to purchase new hose during the coming year.

I would again call your attention to the necessity of a proper means of heating the new engine-house. Last year there was an appropriation of two hundred dollars for a steam heating apparatus for heating the water in the boiler of the engine. The Engineers did not deem it advisable to expend that sum; but are of opinion that a heater should be furnished capable of heating the house and hose-tower when needed.

I would again especially call your attention to the insufficient supply of water in the centre of the town, and in the vicinity of our public buildings.

To make the department complete, we should have a light hook and ladder truck, for which we have ample accommodation in the new engine-house; also a pair of horses, to be kept in the engine-house, for use in this department when needed; at other times they could be used by the Town for other purposes.

I would recommend that $2000 be appropriated for the running expenses of the Fire Department for the ensuing year, and that $1000 be appropriated for the purchase of hose.

Report of Cemetery Committee.

The Cemetery Committee herewith submit their Annual Report, together with the receipts and expenditures for the year ending February 8th, 1884.

The face wall has been extended the entire length of the cleared land on the west side of the Cemetery and a gate put in at the southern entrance. The wall has been banked inside, and the avenues gravelled and new ones laid out. The shrubbery has been trimmed, and pipe has been laid for draining the grounds at the north end of the Cemetery.

The Committee have done the best they could with the limited appropriation granted. If it were known that all the receipts would be expended in improvements on the premises it is thought a larger number of lots would be sold. They respectfully ask an appropriation of $250, together with the avails of lots sold during the ensuing year.

Twelfth Annual Report

OF THE

Trustees of Memorial Hall.

The annual examination of the property by the Trustees has shown everything about the building and Library to be in good order. Thanks to the donation of Mr. John Byers, of which full mention was made in the Report of last year, the Trustees have no pressing wants to urge in their Report.

The Library is every year increasing in value, and offers to all who have the desire for improvement an inexhaustible fund of good reading. It has been the aim of the Library Committee to add the best books in every department. It will greatly aid them in the matter of selection if those who use the Library will, without fail, make application for all books which they have sought, but failed to find, on its shelves. That every facility may be afforded to those who desire to make use of the more substantial books, the privilege of taking out more than one book will be allowed to citizens of the town who are studying any subject with a view to writing. To acquire such a privilege it will be necessary for a written application to be made to the Trustees stating the subject of study and the number of books desired; and all books thus loaned will be liable to recall whenever asked for by others.

For further particulars of the year's work we refer the reader to the full report of our pains-taking Librarian.

Town Clerk's Report.

To the Selectmen of the Town of Andover:

Gentlemen, — I present to you my Report for the Year 1883.

I again call the attention of the townspeople to the many nameless spaces in the Birth records of previous years. A list of them may be seen in the Post-office.

The name is the vital point in the record of a birth. Private records may be lost or destroyed; in such case the public records must be the only reliance for the decision of important questions. The Clerk receives many letters of inquiry concerning Births, Marriages, and Deaths, and to enable him to give satisfactory replies the records must be complete.

The vital statistics of the year are as follows:
